The Green Star Rating Tool states “Where at least 90% of an item’s mass is certified to a GBCA recognised standard, the item can be entered as a certified product at Level A, B or C.” Therefore any fabric can be used as fabrics are almost always under 10% by weight of a furniture item

WELL

AGILE can contribute to the following WELL criteria:

Toxic Material Reduction: AGILE is free of PFCs, flame retardants, phthalates and urea formaldehyde
