APPLICATION	Upholstery seating, wall panels + curtains for commercial, residential + hospitality applications

PLEASE NOTE

Pure-Aniline leathers are made from the finest raw hides. The natural characteristics such as insect bites, fat wrinkles, growth marks and healed scars can still be visible, a sign of a superior natural leather with its own individuality. Pure-Aniline leathers do not have any protective coating or pigment on the surface and are therefore more susceptible to fading from sunlight exposure. Care should be taken in high-traffic areas where food and drink spillages could stain the leather.

CARE

Leather Care for Aniline Leathers is available from our website

SEATING COMFORT RATING

A rating to determine a leather's seating comfort based upon the leather's ability to breathe and absorb moisture. Tested to ASTM E 96 M-05. VERONA achieves an Excellent Seating Comfort rating.

CERTIFICATIONS + STANDARDS
- Leather Working Group Gold certified
- Environmental Management System ISO 14001:2015 certified
- Low VOC
- Compliant with the European IPPC BAT for Tanning of Hides + Skins

ENERGY + EMISSIONS
- Production facility uses 30% renewable energy
- Meets Leather Working Group's strict criteria for air, water + noise emissions

WATER + CHEMICALS
- No Substances of Very High Concern (SVHC) are used
- Leather Working Group aligns with ZDHC + AFIRM Group chemical management objectives
- Finishing is carried out using exclusively water-based conditioning systems
- 100% non-potable water used + water reduction measures in place

CIRCULARITY + LIFECYCLE
- Leather is a by-product of the food industry
- Leather is naturally durable, longlasting + reusable
- All Contemporary Leathers can be accepted for takeback as part of our REVIVE® Product Stewardship Scheme

TRACEABILITY
- 90% of materials are traceable through chain of custody or physical marking

LAND USE + BIODIVERSITY
- All Contemporary Leathers are sourced from European locations which are free from deforestation risk
- European Union animal welfare law adheres to the requirements of the 'Five Freedoms'

SOCIAL IMPACT
- Leather Working Group conducts social audits and assesses health, safety + emergency preparedness

GREEN STAR
- VERONA can contribute low VOC points
- VERONA can contribute ISO 14001 points
- VERONA can be used on white furniture certified to Ecospecifier, AFRDI, ECNZ and GECA
- The Green Star Rating Tool states "Where at least 90% of an item's mass is certified to a GBCA recognised standard, the item can be entered as a certified product at Level A, B or C." Therefore any leather can be used as leathers are almost always under 10% by weight of a furniture item.

LEED
- VERONA can contribute low VOC points
- VERONA can contribute Extended Producer Responsibility points through Instyle's REVIVE® Product Stewardship Scheme

WELL
- VERONA can contribute Low VOC / VOC Reduction
- Toxic Material Reduction: VERONA is free of PFCs, flame retardants, phthalates + urea formaldehyde
